

**ALL TYPE SOLUTION OF
HYGIENIC SANITARY PAD MACHINERY**

www.shreehari.net.in

OUR RANGE OF PRODUCTS

**Fully Automatic
Sanitary Pad Making Machine**

Technical Specification:

- Machine can work on for five input Roll of
Size 180 to 200 mm Non-woven & Melt blown
Fabric with Min Thickness **15 GSM & Max 40 GSM.**
- **Production Per Minute:**
Min 40 to Max 50
- **Machine Weight (approx.):**
0.2 Metric Tons.
- **Dimension (approx.):**
3300mm L * 650mm W * 1800mm h
- **Electrical Power:**
Single Phase, Motor With Control Penal
& Freq. Drive With Motor.
- **Ultrasonic Welder:**
15k, 1800 Walt 1 Nos

The Sanitary Pad
Industry With
Precision Engineering.**

SEALING MACHINE

- Utilizing advanced technology & precision engineering, this machine streamlines the packaging process, ensuring speed, accuracy, & reliability.

Key Features:

1. Automated Sealing Mechanism
2. Customizable Settings
3. High-Speed Operation
4. Precise Temperature Control
5. Seal Quality Assurance

- The UV Sterilizer Box – a cutting-edge solution designed to revolutionize sanitary pad hygiene.
- This innovative device utilizes UV-C light technology to effectively sanitize sanitary pads, providing users with peace of mind & enhanced cleanliness.

Key Features:

1. Advanced UV-C Light Technology
2. Spacious Interior
3. Rapid Sterilization Process
4. Compact and Portable Design
5. User-Friendly Operation

UV STERILIZE BOX

EMPOWERING COMMUNITIES THROUGH TECHNOLOGY.

About Us:

We craft custom mechanical parts to match client specifications. We are located in the **heart of Ahmadabad**, Gujarat, our modern facility crafts components in materials like steel, stainless steel, aluminium, & copper, catering to a wide range of industries.

We've upgraded with top tech, tools, & experts to meet customer demands. Our dedicated workforce, with its deep commitment to customer satisfaction, stays at the forefront of manufacturing innovations.

We excel in making various types of roller dies & continuously strive to lead the way in material industry advancements.

As a top manufacturer,
supplier, & exporter, we are your go-to source for industrial rollers.

YOUR TRUSTED SANITARY PAD MACHINE MANUFACTURER.

MISSION

We aim to be the top name worldwide in making roller dies for various sectors.

By delivering outstanding products & unmatched service, we want to meet our clients' needs perfectly.

VISION

We aim for excellence, offering top-notch products at fair prices.

Using advanced production, teamwork, and eco-friendly practices, we build a strong, positive product reputation.

QUALITY ASSURANCE

At Shree Hari Engineering, quality is paramount. With ISO 9001 certification, we guarantee consistent excellence. Our rigorous quality checks ensure top-notch products. We leave no room for compromise, maintaining machinery for optimal performance.
